

Make-up Policy

Makeup classes are offered as a courtesy only! As in any teaching institution, students may not “comes as they please” as it causes disruptions in class and affects student-teacher ratio. For the benefit of all students, this policy is strictly enforced. A make-up voucher will only be given to those that are eligible for a make-up class. In order to receive a make-up voucher, we must receive notification 24 hours prior to the missed class! We will NOT be able to issue makeup voucher after the class is missed. Limit one (1) makeup class per student, per calendar month. You may request a makeup voucher on-line through our website. Make-up voucher can be used during any open gym period as long as you're an active student enrolled in classes.
