

RISK FREE

Trial Evaluation

Champions Academy offers professional, individualized class trial evaluations. Trial evaluation is required for all new students to ensure your child is placed in the most appropriate class/level. After the evaluation, your child will get a chance to join the age-appropriate gymnastics class.

After the class, if you decide not to enroll, there is no risk or further action required. You only pay for that one class. However, if you decide to complete registration and sign up on the same day of the trial, we'll credit trial fee towards your enrollment/registration fees.

Trial fee: \$20 per 55 minute class or \$25 per 85 minute class.

Returning students after 3 months will or more of last trial evaluation must be re-evaluated before enrolling in class to ensure proper placement. Additional trial fee apply.
